Ovenstående udfyldes af passageren inden sikkerhedskontrol finder sted
Please complete above form before entering security check

Ammunition skal transporteres i original eller anden forsvarlig emballage og pakket hver for sig. Våbnet skal under transporten om muligt være adskilt ved afmontering af hoveddel (Bundstykke/forskæfte/glideskinne) Den afmonteret del skal transporteres i passagerens øvrige ind-tjekkede bagage ligesom evt. ammunition.

Ammunition must be transported in original or other proper packaging, and packed separately. If possible, the weapon must be separated during transport by removing the main body (bottom piece/forefinger/sliding rail) The disassembled part must be transported in the passenger's other checked-in luggage, alongside eventual ammunition.
